## HOW TO BEGIN THE SIGNATURE CASE

After all students in your team are confirmed as registered and paid, your instructor will launch the CASE STUDY GAME. You may begin as soon as you log in to your account.

## SELECTING AN AVATAR AND ROLE

Begin by selecting an avatar. Students may select any avatar they like. Then, select a role. There can only be one student per role on a team. Please consult with your teammates for role assignments prior to selecting a role. Once all students have selected a role, you will

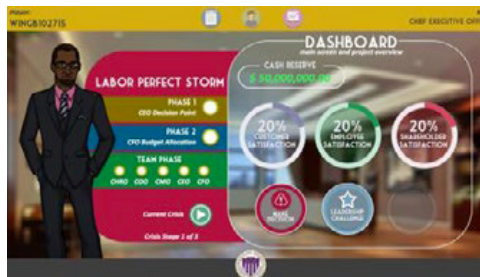

be able to begin playing the game from the main DASHBOARD screen.

## PLAYING THE SIGNATURE CASE

During game-play, you will encounter crisis decisions, budget allocations, and leadership challenges. You will work through these challenges with your teammates and decide the best course of action by taking turns in making choices based on your role. The best outcomes will come from working in collaboration.

## “WINNING” THE GAME

Your teams ultimate goal is to maximize revenue and the performance of the three satisfaction metrics for customers, employees, and shareholders. You will be able to access the GAME SUMMARY which will show your teams outcomes for each of these metrics. Each individual will also receive a LEADERSHIP REPORT that will offer a summary of your leadership style based on the answers you provided to the LEADERSHIP CHALLENGE questions.

GOOD LUCK!!!
